

Cable Tray 720 mm

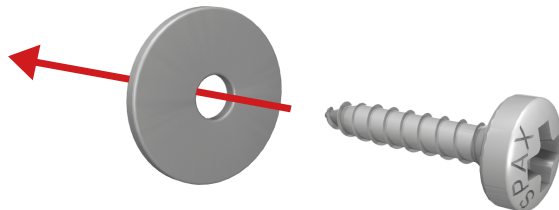

□ 429-4004
■ 429-4001
■ 429-4002

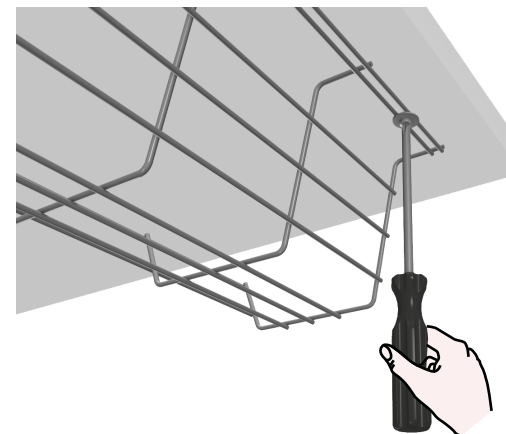

CONTENT:

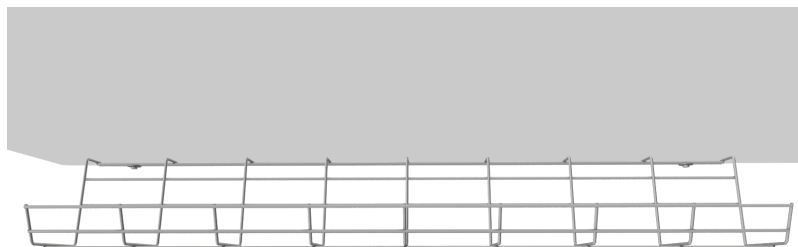

- 1** INSERT
Take a washer and screw. Insert the wood screw into the hole and leave one assembly aside.

- 2** POSITION AND ATTACH
Position the cable tray and attach to the table using one screw assembly at the time. Keep spacing symmetrical for best results.

- 3** READY TO USE
Once all screws and washers are in position, the cable tray can be used as intended.

- 4** USAGE
Place electrical equipment on top of the tray and organize as desired.
